

1 PT-Optimise your laptop battery performance

(Productivity tools will feature cool features which help in increasing productivity which i have tried and tested)

Tool: Battery care

What it does: It ensures you get really correct data on power remaining in % and time

Download free from: <http://batterycarespot.com/en/download.html>

Details:

- **Warns you when to do a full discharge**
- **Can automatically switch power profiles to maximise your power**
- **Shows**
 - Wear level
 - Design Capacity
 - Actual current capacity
 - Voltage
 - CPU temperature
 - Charge and discharge rate etc.

I'm using it- are you?
